

Citroen 2CV6 4 Door Saloon 1983:
Model: Charleston 602 cc

Final phase.

Floor pan re-painted ready for seats. Re-fit new underlay before mats refit.

Cutting out new felt from old pattern. Refit new lining with the help of Spray Tac

An enjoyable project, trying at times. Not concourse but a worthwhile run about.
I suppose with this sort of restoration you are never really satisfied as there
always seems to be a job to do.

Very quirky to drive especially the gear change which has a mind of it's own!!
Simon & Tony Lucas.
